

NESSIJ CHARTER

The purpose of this charter is to define the fundamental values and ethical principles to which all Nessij members, partners, employees and collaborators commit themselves. It is essential to guarantee collaborations based on respect, integrity, and security for all.

Nessij, which means “web” in Arabic, is a collective founded in 2023 by a group of Tunisian artists and art workers whose aim is to support and promote the Tunisian artistic and cultural scene internationally. Against the backdrop of artistic and creative vitality in the country, and at a time when border policies are reinforcing the already prevalent isolation of the art scene and its members, Nessij aims to facilitate the mobility of artists, their works, and cultural workers, as well as to strengthen exchanges and solidarities between different artistic scenes, particularly among those in the Global South.

2. Financial and Partnership Transparency
